### **PURSUING VICTORY WITH HONOR: the operating beliefs and principles of the CIF**

1. The essential elements of character building and ethics in CIF sports are embodied in the concept of sportsmanship and six core principles: trustworthiness, respect, responsibility, fairness, caring and good citizenship. The highest potential of sports is achieved when competition reflects these "six pillars of character."
2. It is the duty of School Boards, superintendents, school administrators, parents, and school sports leadership—including coaches, athletics administrators, program directors and game officials—to promote sportsmanship and foster good character by teaching, enforcing, advocating, and modeling these "six pillars of character."
3. To promote sportsmanship and foster the development of good character, school sports programs must be conducted in a manner that enhances the academic, emotional, social, physical, and ethical development of student-athletes and teaches them positive life skills that will help them become personally successful and socially responsible.
4. Participation in school sports programs is a privilege, not a right. To earn that privilege, student-athletes must abide by the rules, and they must conduct themselves, on and off the field, as positive role models who exemplify good character.
5. School Boards, superintendents, school administrators, parents and school sports leadership shall establish standards for participation by adopting and enforcing codes of conduct for coaches, athletes, parents, and spectators.
6. All participants in high school sports must consistently demonstrate and demand scrupulous integrity and observe and enforce the spirit as well as the letter of the rules.
7. The importance of character, ethics and sportsmanship should be emphasized in all communications directed to students-athletes and their parents.
8. School Boards, superintendents, school administrators, parents and school sports leadership must ensure that the priority of their student-athletes is a serious commitment to getting an education and developing the academic skills and character to succeed.
9. School Boards, superintendents, principals, school administrators and everyone involved at any level of governance in the CIF must maintain ultimate responsibility for the quality and integrity of CIF programs. Such individuals must assure that education and character development responsibilities are not compromised to achieve sports performance goals and that the academic, social, emotional, physical, and ethical well-being of student-athletes is always placed above desire and pressures to win.
10. All employees of member schools must be directly involved and committed to the academic success of student-athletes and the character-building goals of the school.
11. Everyone involved in competition including parents, spectators, associated student body leaders, and all auxiliary groups have a duty to honor the traditions of the sport and to treat other participants with respect. Coaches have a special responsibility to model respectful behavior and the duty to demand that their

student-athletes refrain from disrespectful conduct including verbal abuse of opponents and official's, profane or belligerent trash-talking, taunting and inappropriate celebrations.

12. School Boards, superintendents, and school administrators of CIF member schools must ensure that coaches, whether paid or voluntary, are competent to coach. Training or experience may determine minimal competence. These competencies include basic knowledge of 1) The character-building aspects of sports, including technique and methods of teaching and reinforcing the core values comprising sportsmanship and good character; 2) The physical capabilities and limitations of the age group coaches as well as first aid; 3) Coaching principles and the rules and strategies of the sport.
13. Because of the powerful potential of sports as a vehicle for positive personal growth, a broad spectrum of school sports experiences should be made available to all our diverse communities.
14. To safeguard the health of athletes and the integrity of the sport, school sports programs must actively prohibit the use of alcohol, tobacco, drugs, and performance enhancing substances, as well as demand compliance with all laws and regulations, including those related to gambling and the use of drugs.
15. Schools that offer athletic programs must safeguard the integrity of their programs. Commercial relationships should be continually monitored to ensure against inappropriate exploitation of the school's name or reputation. There should be no undue interference or influence of commercial interests. In addition, sports programs must be prudent, avoiding undue financial dependency on companies or sponsors.
16. The profession of coaching is a profession of teaching. In addition to teaching the mental and physical dimensions of their sport, coaches through words and example must also strive to build the character of their athletes by teaching them to be trustworthy, respectful, responsible, fair, caring, and good citizens.

		<b>FOOTBALL</b>	<b>5.000</b>
		<b>Schedules</b>	<b>5.100</b>
5.101	<p>Varsity games shall be scheduled for Friday or Saturday. Evening junior varsity contests shall begin at 4:30 PM. There shall be a minimum of one-half hour between the JV and varsity games and the varsity games shall not start before 7:00 PM. Afternoon JV contests shall begin at 10:30 AM. Day games shall start at 4 PM during daylight savings time and 3:30 at the end of daylight savings time.</p> <p>The schedule shall be rotated every two years and reversed yearly.</p>		
5.102	<p>The schedule shall be established using a scheduling matrix and the numbers that are drawn for fall sports by a commissioner. This schedule will be in effect for two years, with the home and away contests reversed in the second year. After the second year, numbers will be redrawn, and a new schedule developed using the scheduling matrix (below).</p>		
	1.	<p><b>Number of League Home Games:</b> It has been established that each team in the NBL will have either 3 or 2 home games alternately on an annual basis. Teams that have three home games in one year will have two home games in the next year.</p>	
	2.	<p><b>Biannual Match-Up Order Draw:</b> The order in which each team plays its league opponents will be redrawn on EVEN years (every 2 years). As a result, each team will play its league opponents in the same order for 2 consecutive seasons only. For each match-up, the HOME team during the EVEN year will then be the VISITING team during the following ODD year.</p> <p style="margin-left: 40px;">a. The first season of a newly drawn league schedule match-up will always be during an EVEN year.</p> <p style="margin-left: 40px;">b. The second (final) season of a league schedule match-up order will always be during an ODD year.</p>	
	3.	<p><b>Home / Visitor Alternation:</b> Football is unique among high school sports in that each league opponent is played only ONCE during a season. Because of this fact, the matter of “which team is the HOST” takes on a greater significance than in other sports where each league opponent is played twice. For each new season, whether the order of matchups is redrawn or not, the most important factor for determining which team will be the home team in each match-up is to reference the schedule from the previous season. In doing so, the following will be achieved:</p> <p style="margin-left: 40px;">a. Consistent alternation of HOME/AWAY within a match-up on an annual basis. HOME/AWAY balance between league members will be immediately maintained, without requiring a cycle of 4 or more years.</p> <p style="margin-left: 40px;">b. No league member will gain an advantage, either real or perceived by hosting any one league</p>	

		opponent in consecutive years.	
5.103	In the sport of football, Elsie Allen will play a junior varsity schedule until their program proves that it has the numbers to establish a varsity program.

Football teams are limited to two days per week of full contact practice, with no more than 45 minutes of full contact on each of those days during the season of sport. For purposes of this Bylaw, each team's season of sport is defined as the first day of practice, as allowed by the Section, until the final contest for the team. All full contact practices are prohibited in the off season which includes team camps. Full contact practice is defined by state statute as a practice where drills or live action is conducted that involves collisions at game speed where players execute tackles and other activity that is typical of an actual tackle football game. 		<b>Practice</b>	<b>14.201</b>
15.201	All NCS and CIF practice rules MUST be followed.

	b. No practice may be held following the conclusion of a contest.		
	c. Any competition day counts as three hours toward the allowable weekly and daily practice hours no matter the length of the contest.		
		<b>Game Administration</b>	<b>15.300</b>
15.301	The National Federation Wrestling Rule Book and Case Book is the governing authority in wrestling, except for CIF modifications and/or adoptions.		
15.302	The coach of the home or host team is responsible for reporting match results to the news media within one hour of the conclusion of either a dual meet or the NBL Championship Tournament.		
15.303	The NBL wrestling representative to the NCS must report final team results and NBL standings to the NBL commissioner(s) by the Thursday following the NBL dual meets and to the NCS Assistant or Associate Commissioner responsible for wrestling within the time deadline set by the NCS.		
15.304	The following order will be held for all NBL wrestling matches: Junior Varsity, Varsity Girls and Varsity Boys. JV competition will begin at 6:00 PM. (1/23/23)		
15.305	For the weigh-in for League dual meets, a visiting team may bring its own certified scale to use as an additional scale to challenge the "official" scale(s) supplied by the home team consistent with current NFHS rules. All scales used must have been certified for the current wrestling season and will be available to both teams for the entire weigh-in time period. The official scale(s) to be used in all NBL wrestling events must be available to all teams at least thirty (30) minutes prior to the start of weigh-ins for dual meets and at least one hour prior to the start of tournaments.		
15.306	Girls will wrestle at their own weights, with the following exception: If a school does not field a separate girls' team, a female will be allowed to wrestle a male wrestler, at the male wrestling weight. Any points earned in this situation will be counted toward the score of the boys' meet and may not be used as a win or loss for the girls' team.  Bylaws clarification: During a dual/tri meet, if a school has a female wrestler and the opposing school does not have a female in her weight class, then that female wrestler may wrestle with the boys' team and score points for the boys' team. If that female wrestler has received a forfeit for the girls' team, then she may not earn points for the boys' team.		
15.307	All wrestlers must complete a weight assessment during the period designated by the North Coast Section, CIF, not necessarily on the same day for all wrestlers for the purpose of establishing their lowest possible eligible weight class for the season in accordance with the NWCA guidelines. The assessment of the wrestler must be performed by an NCS approved assessor. No wrestler may recertify at a lower weight following the official		

	assessment unless the initial assessment is challenged in accordance with the NCS challenge procedure and approved and entered by NCS officials. The CIF and NCS have established rules and procedures for granting consideration for those wrestlers who are not able to get assessed during the normal time period due to extenuating circumstances. Each wrestler must follow mandated CIF and NCS regulations.		
15.308	California exercises the National Federation of High School Associations Wrestling options which allow a fourteenth weight class. In accordance with NFHS and CIF rules, the two-pound growth allowance will be granted to each weight class after the date designated by the NCS, CIF and NFHS.		
		<b>Officials</b>	<b>15.400</b>
15.401	The North Bay League will use officials from the Redwood Empire Wrestling Officials and Coaches Association. Ukiah may use officials from the Redwood Officials Association for their home dual meets and tournaments.		
		<b>Eligibility</b>	<b>15.600</b>
15.601	Wrestling is regarded as an individual sport. Therefore, wrestlers may move up and down during the season from varsity to junior varsity or from junior varsity to varsity. See National Federation rules for limitations.		
15.602	A wrestler becomes ineligible for further competition during the season if, prior to the league championship tournament (if any) he/she accumulates more than 40 matches not including matches wrestled at the NCS Dual Tournament. Forfeits and byes do not count towards the forty-match rule. Competition is defined as wrestling activity in which any match and/or team score is determined and /or the service of a paid wrestling official is used.		
		<b>League and Tournament Administration</b>	<b>15.800</b>
15.801	At the conclusion of the regular dual meet season, the North Bay League shall have a league tournament to qualify wrestlers to the NCS Wrestling Championships. Matches for male wrestlers will take place on Friday, with any necessary extra matches taking place on Saturday. Matches for girls will take place on Saturday, following the boys' competition. On both Friday and Saturday, weigh-ins will take place beginning at 9 AM and matches will begin at 11 AM. (January 19, 2019)		
15.802	The match maker for the NBL tournament shall be paid \$150.		
15.803	A pennant will be awarded to the winner of the qualifying tournament in boys' wrestling. (January 19, 2019)		
15.803	A preliminary seeding meeting will be held on the Wednesday prior to the NBL tournament. All wrestlers who will be competing in the tournament will be placed in a bracket for the tournament. If any wrestler is left off the brackets, that wrestler will not be eligible to compete. On the morning of the league tournament,		

	<p>immediately following weigh-ins, there will be a final verification of all weight classes and the seeding for the tournament will be finalized. If there are no changes to any weight class, the seeding from Wednesday will stand. If any weight class should have changes, then that weight class will be redrawn per the criteria used at the preliminary meeting.</p> <p><i>Approved for immediate implementation by NBL Board of Managers on 1/23/2017</i></p>
15.804	<p>Male wrestlers qualifying to the NCS Championships must qualify through the NBL championship tournament. In the event an athlete is injured on or before the day of the league tournament or suffers from a communicable skin condition and is unable to compete, the coach can petition the NCS for an at-large berth to the NCS Championships. In that case, a school may not enter a substitute for the wrestler in the NBL tournament in that weight class, unless and until the CIF and NCS amend their bylaws to allow schools to enter more than one athlete per weight class.</p>
15.805	<p>If an athlete cannot compete in the NBL tournament due to circumstances that are not injury or skin-issue in nature, the coach may present a case of hardship. This hardship must be declared to league coaches in writing or via e-mail no later than the league seeding meeting prior to the NBL Championship Tournament. The coaches, by a majority vote, will determine whether to allow participation at the NCS Championships through the at-large process. In that case, a school may not enter a substitute for the wrestler in the NBL tournament in that weight class, unless and until the CIF and NCS amend their bylaws to allow schools to enter more than one athlete per weight class.</p>
15.806	<p>In Section 13.804 and Section 13.805 above: If, in either case, the wrestler was not granted an at-large berth to the NCS Championship at the NCS seeding meeting held on the Sunday immediately following the NBL Tournament, the wrestler who was not able to participate in the NBL tournament may challenge the lowest qualifying wrestler in the NBL tournament (typically the third place finisher) in a series of challenge matches at the school of the qualified wrestler on the Wednesday following the NBL tournament.</p> <p>The challenging wrestler must make weight that will be used at the NCS Championships at the qualified wrestler's school one hour before the challenge match. The qualified wrestler must make weight at the same time as the challenger but is allowed a two-pound allowance. For example, the challenging wrestler 108 pounds, qualified wrestler 110 pounds.</p> <p>After the one-hour time period following the weight-in, a match will occur. The match will be refereed by an official referee assigned by the assigning officer of REWOCA. If the qualified wrestler wins, the challenge is over. If the challenging wrestler wins, there will be a 45-minute rest period followed by the second and final match. The winner of the second match will become the lowest qualified wrestler from the NBL to the NCS Championships.</p> <p>If the original qualified wrestler loses the challenge matches, that wrestler shall drop down to the first alternate position (typically fourth place) to be admitted to the NCS Championships based on the alternate selection process as determined by the NCS league medal count formula.</p>

	<p>If the original alternate wrestler was awarded an at-large position at the NCS seeding meeting, under no circumstances can that at-large position be lost to the wrestler to whom it was granted.</p>						
15.807	<p>The NBL divisional wrestling champions shall be awarded to the team earning the most points in their division during the dual meet portion of the season. One point for each dual meet win. The dual meet divisional champion will be the team with the greatest number of wins. (4/6/23)</p> <p>The league champion in girls' wrestling competition shall be the team with the most points earned in league competition <b>and</b> in the league final tournament. One point shall be awarded for each dual meet win, two points for first-place in the league tournament and one point for the second-place team in the final NBL tournament. (5/19/2020)</p> <p>No qualifying tournament pennant is given in girls' wrestling as the tournament is a mandatory part of the league championship determination, so this tournament is not a qualifying tournament for the NCS Wrestling Championships. When the NCS requires female wrestlers to qualify to the NCS Championships through a league qualifying tournament, then there will be a pennant presented to the girls' team champion in this qualifying tournament.</p>						
15.808	<p>Medals provided by the league will be awarded to the first three places in each weight class at the NBL qualifying tournament. (3/27/2019 and 5/19/2020)</p>						
15.809	<p>For the purpose of qualifying to the NCS Dual Team Championships only, the team winning the dual meet portion of <b>their division</b> will be considered the NBL <b>divisional</b> champion and will earn an automatic entry. If two or more teams are tied after the regular season is complete, the following tie breakers will be in effect (4/6/23)</p> <table border="1" data-bbox="219 1312 1432 1732"> <tr> <td>a.</td> <td>If two teams are tied with the same dual meet record, the winner of the head-to-head match will receive the automatic entry to the NCS.</td> </tr> <tr> <td>b.</td> <td>If three or more teams are tied, the tiebreaker will be the cumulative total of the points scored against each of the other teams involved in the tie. Equitable seeding of trial heats depends on the honest intent of those entered to compete. An athlete who is entered in an event, but does not compete, is taking that opportunity to compete away from another athlete. **COACHES MUST ENSURE THAT ATHLETES INTEND TO COMPETE IN ALL EVENTS FOR WHICH THEY HAVE BEEN ENTERED!**

#### **HONEST EFFORT RULE**

The league will use the Honest Effort Rule for preliminary and final rounds of the League Championship.

Competitors who have qualified for and/or been accepted into more than one event, must honestly participate in the qualifying or final round in each event for which the athlete is accepted or has qualified, or the athlete will be barred from further competition in the meet.

Athletes must compete with maximum effort and/or qualify from trials into the finals.

Note 1: It is understood that passing on attempts in field events is a strategy in those events and is not considered a question of honest effort.

If a scratch or does not show occurs, the coach will be notified that the athlete scratched/DNS and will be removed from the remainder of their events going forward.

If the athlete missed an event due to a medical or sufficient reason why, the coach must provide an explanation, get verification from medical or trainer and be cleared by the meet referee. Once cleared, the meet referee will turn in the appeal to the timer to clear the athlete to participate in further events.

### **ENTRY LIMIT RULE:**

Please note that athletes may be entered in NO MORE THAN 4 events. Note that an athlete who is entered in fewer than 4 individual events may be entered on 1 or more relays, but may only compete in 4 total events. See NFHS Rule 4.2.2.

### **ENTRIES MUST BE SUBMITTED THROUGH [MileSplit.com](https://MileSplit.com)!**

Please log on and complete the entry process for the "NBL Championships" NO LATER THAN SUNDAY, (insert date), BY 10:00 pm. Please be sure to access the "NBL Championship" meet page on the MileSplit website. Entries made through any other meet page or on any other online service, will NOT be accepted.

## **QUALIFICATION & ADVANCEMENT**

It is imperative that athletes who are entered into a trial event intend to compete in the final of that event should they qualify.

To qualify is the win the right to participate in the next level of competition by meeting certain standards in an earlier race or flight. (NFHS 4.5.1)

If a competitor or relay team qualifies for an event through earlier competition in that meet and then withdraws, no substitute from his/her school or any other school may replace them. (NFHS 4.5.5) (Relay teams consist of 4 relay members + 2 alternates; only athletes from these six listed can race in Finals)

## **CONFLICT IN EVENTS**

Competitors who are entered in field events being held simultaneously must report to each event's official by the published event start time, otherwise the athlete will be scratched.

If the field event is in conflict with a running event, the athlete must secure a release from the field event official and report to the Clerk-of-the-Course.

Athletes are not to report directly to the starting line without checking in first with the Clerk-of-the Course.

REMINDER: The time excused rule is 30 minutes. Official must write down the time that the athlete is initially excused in order to enforce this rule. This is the total time an athlete may be excused from a field event before or between attempts. Failure to return to the event and execute an attempt within 30 minutes will result in the athlete being scratched from further competition in the event.

However, noted:

With High Jump and Pole Vault, the event facilitator cannot hold-up attempts with other athletes still competing, when the bar is ready to go up. In this case, the excused athlete will have to compete at the current height of the bar upon returning to the venue.

## **ELECTRONIC DEVICE RESTRICTIONS**

Electronic devices are not allowed in the field of competition. The field of competition includes the bullpen area, the track, each field event site and the infield. The use of electronic devices by athletes or coaches in these areas is grounds for disqualification.

## **PROTEST/APPEAL PROCESS (NFHS 3.2.4)**

All protests are made to the Meet Referee. The Referee's decision is final.
