Busy Week

This week we are traveling both Tuesday and Thursday. Sam won't be back until next week, so I will again be asking some of you to move up above your normal position and fill in.

In our Piner match I saw lots of good play- quite an improvement over earlier last week. Let's keep that momentum going for this week.

Monday – practice at usual 3:30

Tuesday – leave class 2:20 for bus to Maria Carillo. This is the last team that we have not yet played and is the strongest team in the league. Step up to the challenge!

Wednesday – practice 2PM

Thursday – leave class at 2:20 for bus to Santa Rosa. This is the start of the second half of our season. What I am looking for is improved performance against each of the teams we play, starting today with Santa Rosa.

Friday – practice 2PM

Team Pictures

I'll schedule team pictures a little later in the season when we can all get together. This will be right after school on a non-match day.

Weekly Challenge

This week a straight math problem:

$$\alpha < 2\beta + 6 \text{ and } \beta < 2\alpha + 6$$

What is the smallest possible value of α ?

Healdsburg High School
