Last week of the Season

Seems fast but the regular season is almost over! We are down to the last two games. Tuesday we head off to Piner and then Thursday Maria Carillo comes to see us. Let's finish the season strong: spend as much time as you can at practice Monday and Wednesday and then be prepared for these final matches.

After this week we have NBL playoffs during which the league selects some of the best players to send to NCS. If you would like to contend for one of those spots let me know. I'll schedule practice times based upon who will be continuing. NCS is Saturday May 11 so if you would like to try for an NCS spot make sure that you are available that day.

Team Dinner

Thursday 6:30 Potluck directly after our match. This will be our final team event for this year, so let's make it a good one. I expect the whole team to attend, and as many parents as possible. I'm bringing a main dish and a dessert and would ask everyone to drop me a note letting me know what you will be bringing. I'll have warming trays so if you would like to bring something hot we can keep it hot.

Summer Training

Starting June 11 I plan to open for badminton practice on Tuesday and Thursday mornings. This is a great chance to train or just play. For those of you who want to get more serious I'll introduce a more rigorous training. And, very importantly, this is intended as a place for prospective team members to learn some badminton before next year. So- spread the word to anyone who you might be able to recruit for next year. Since most of you will be returning, I'll be asking everyone to bring 1 or 2 new players with them!

Weekly Challenge

$$\begin{bmatrix} 4 & 1 \\ 3 & 2 \end{bmatrix} \times \begin{bmatrix} 1 \\ 2 \end{bmatrix} = ?$$
